MAJORITY FAVORS URBAN RENEWAL

The League of Women Voters has announced that a majority of the members attending two unit meetings Tuesday on Urban Renewal favor the program.

A clear consensus was not obtained. The League stated Wednesday that attendance at Tuesday night's meeting was limited due to the storm. The League will send out information about the program to all voters, and urges members to take their individual positions on the question.

TOTAL DESTRUCTION is the fire chief's verdict, following Tuesday night's multi-alarm fire at Howard Johnson's Restaurant on Route 28. This photo, taken in the early stages of the fire, shows the weather vane still atop the cupola. It later toppled onto the roof, then to the ground. The photo can only give an indication of the stormy conditions in which firefighters from three communities worked, from 11 p.m. until 6 a.m. One of the coldest spots was atop the aerial ladder, being swung into position here.

Board Studies Mystery Data

A new set of statistics and compilation of data on Urban Renewal - from an anonymous source - occupied the Selectmen Monday night, and again Tuesday evening.

On the latter night, members of the Board met privately with an individual, in the home of Chairman Russell G. Doyle.

Mr. Doyle told the Townsman that the figures were given to him in confidence, and he does not feel that he can make them public. Neither, he said, could the meeting with the source be open to the press, because the individual had not wished the figures to be made public now.

The statistics were handed out to the Board Monday night, and at first, it appeared that individual members were to consult the source if they wished.

But Board Secretary William Stewart told his colleagues that they owe it to themselves to "hear the other side". And he warned

Duff For, FinCom Against, Urban Renewal

Duff's Statement

Town Manager Thomas E. Duff has flatly stated his support for Urban Renewal.

Speaking via his annual report to the townspeople, Mr. Duff asserts:

"I believe this program is financially possible, economically advisable and necessary for a land assembly program."

Throughout the report, Mr. Duff refers to the necessity for team

work on the part of all citizens; and comments that the stability of the tax rate over the past five years makes it possible for the town to "venture on a task of revitalizing our downtown business area and to accommodate a new municipal building program".

The report reads:

"The year 1962 has been a year of study and research on several major issues for our community and, for the most part, the decisions to be made on these programs will come, we trust, at our

(Continued on Page Two)

FinCom's Statement

The Finance Committee has disapproved Urban Renewal.

Chairman Phillips B. Marsden Jr. issued a statement for the Committee, listing these reasons: Not convinced that the ultimate financial return to the town will justify the expenditures.

Costs of program are too nebulous to support a responsible decision to accept the plan.

Major portion of figures subject to considerable fluctuation, and the risk could put the town in an unknown financial position.

The full statement of the Finance Committee on the subject follows:

"Prior to the special town meet-

ing last fall, the Finance Committee decided to make its recommendations on Urban Renewal after reviewing the town's complete financial position in 1963. Our review of departmental budgets is now complete and increases in the town budgets for 1963 total \$426,000.

"If the appropriations which we recommend for 1963 are approved by the town meeting, we believe the tax rate for the town of Andover in 1963 will be established at \$30 per \$1,000 valuation, by the Assessors.

"Should the town meeting approve additional expenditures, a

DUFF FOR URBAN RENEWAL

(Continued from Page One)

1963 town meeting. The proposed construction of new municipal buildings and the Urban Renewal Study have been developed to a point where this problem can be voted on intelligently at the 1963 town meeting. Working in harmony with these two studies, we have started on a 10-year capital expenditure program which will serve to give us a basic financial direction for a planned growth of services and civic improvements with due consideration to the effect on the tax rate. The three-year study of a master drainage program for the center, south, and western sections of Andover has been completed and will also be presented for consideration at the

forthcoming town meeting.

"The reports of each individual department, which follow in this annual report, explain in detail the services, work programs, and developments that have demanded the coordinated efforts of all our employees, town boards and committees, and town officials in order to render the best service to our citizens. For this effort, we are all grateful and I wish to express to all the participants my thanks and appreciation for a job well done! In Andover we are fortunate to have a reservoir of willing workers with the initiative and ability to be able to serve on the many projects that have become necessary with increased subdivision development and the resulting population growth which has placed increased demands on local government. With this team effort, we should be willing to accept the challenge of redeveloping and reassembling our Center Core Area of the business district.

"Nineteen-sixty-two has been another successful year for Andover in that we were able to maintain a \$26 tax rate for the fifth straight year, while continuing to expand our employee benefits, construct a new 18-room elementary school, initiate garbage collection for the entire town, extend our water main facilities, develop a Recreation Department and extend our recreation area facilities at Ponds Pond, improve our Fire Department apparatus, purchase a new ambulance, and extend improved services in many of our other departments.

"This stable pattern of growth should serve to make it possible for our community to venture on a

task of revitalizing our downtown business area and to accommodate a new municipal building program to properly coordinate our growing town activities, thus channeling new subdivision development traffic into a pattern of a Center Core Area. Our studies and surveys on the re-use of land in the center of town tend to place the emphasis on upgrading our municipal facilities while, at the same time, developing a general plan for private enterprise to use the authority of government to increase their services to the community. Our voters will have an opportunity to choose the direction the Town of Andover will take to achieve the necessary revitalization of our downtown area at the forthcoming Town Meeting on March 9th when the question of Urban Renewal and new municipal building facilities will be discussed.

"It would appear that the means to accomplish a successful program for our downtown area is now at our disposal and a united effort to develop these means can be achieved by a togetherness consisting of unity of purpose on the part of all our citizens whether they be people of business, education, industry or management. The scope of the proposed Urban Renewal Project and new Municipal Buildings requires a unified effort on the part of all our citizens. I believe this program is financially possible, economically advisable and necessary for a land reassembly program."

FINCOM AGAINST URBAN RENEWAL

further increase may be required. "The 1963 Budget does not cover the full annual cost of salary and personnel increases, thus there is built into the 1964 budget because of these increases approximately \$225,000 or \$2 more on the tax rate.

"We have strongly recommended that these realities be taken into account before further salary and personnel increases are requested for 1964.

"As our annual Finance Committee report goes to press, some of the figures which appear on the so-called "Cherry Sheet" are estimated, since this information will not be forthcoming from the Commonwealth until after the town meeting. We have continued to estimate the total receipts to the town in a conservative manner, as we have done in past years.

"We have disapproved Article 17, which calls for the Selectmen to institute an Urban Renewal Agreement with the Housing Authority. We have not reached this decision lightly or without considerable detailed evaluation. We have reviewed the Plan thoroughly and in minute detail with the director of Urban Renewal, the Housing Authority, and with other interested Andover citizens. We are not convinced that the ultimate financial return to the town would

justify the expenditure of funds for this purpose. In our opinion, the costs of this project are too nebulous to support a responsible decision to accept the Plan. We recognize that in a study of this nature many figures necessarily have to be estimated, but we believe that the major portion of the figures in the Urban Renewal study are subject to considerable fluctuation and that the risk involved could place the Town in an unknown financial situation.

"Although Article 17 does not call for the appropriation of any funds, the acceptance of this article binds the town to accept both Article 18 in the amount of \$359,300 and Article 23 - the construction of the new Town House, Fire Station, and Police Station - at a cost of \$1,500,000."

Roads Slick Under Snow

A nasty, wet snow storm partially paralyzed traffic Tuesday night, and left over four inches of heavy snow on the ground.

Streets were well cleared by Wednesday morning, however, as town crews got an early start Tuesday evening.

All highways were pure misery during Tuesday evening, as the snowy-rain turned into snow that packed down like a layer of grease over the pavement.

Power failures were recorded in sections of the town, as the snow caused lines to break. One area hit was on South Main st., where the Howard Johnson restaurant closed at 10 p.m. due to the lack of electricity. An hour later the building was on fire, and is presumed to be a total loss.

Road conditions on thruways - specially Route 93 - were poor during Tuesday evening. But by early Wednesday, some pavement was again showing. Teams of three trucks scraped the surface thoroughly throughout the night. By Wednesday morning, the thruways, and some major town streets, were wet, but mostly bare of snow.

Dinner-Dance Is March 9

The dance committee of the Shawsheen Village Woman's Club met recently to make final arrangements for the spring event.

The dinner-dance will be held Saturday, March 9, at 6:30 p.m. at the Andover Country Club. Cocktails will precede a lavish smorgasbord, and dancing will follow to the music of the John Charles Orchestra.

The decorations will be most unusual, using emerald-clad leprechauns en masse to set an eerie St. Patrick's Day atmosphere.

Reservations may be made with

any member of the committee. Those actively planning the affair are Mrs. John Gearin, chairman; Mrs. James Hedrick, co-chairman; decorations, Mrs. Theodore Coates, Mrs. Ralph Cole, Mrs. James Deyo, Mrs. Joseph Kneeland and Mrs. Albert Wilde; tickets, Mrs. Richard Wilson, chairman, Mrs. Melvin Beck, Mrs. Richard O'Neil, Mrs. Robert Popeil, Mrs. Arthur Seikunas is handling arrangements and Mrs. Donald Campbell, publicity.

Explain Corporation

"The Andover Center Development Corp." is the official name of the proposed realty trust, concerned with developing the Urban Renewal area.

The name, while not necessarily permanent, has been chosen by the sub-committee working on the group's formation.

As described last Thursday night at a meeting in the Country Club, the corporation will be non-profit in nature. Efforts to form the legal entity are being pushed, so that it may be accomplished before town meeting.

The corporation would convey land, from the Housing Authority to individual builders; it would hold some 366,385 square feet of parking area and develop this; and after paying off its debts, would turn this land over to the town.

Participation in the corporation will be limited to 10 percent of

the total investment - this appears to be a limit of \$15,000 for any firm, family or other group. Thus, it was explained, there would be no domination by any interests, other than those of all the members.

Individuals and business firms may invest in multiples of \$100, it was stated, and will receive interest on their money. The initial "loan" will be re-paid over the life of the corporation.

It was stressed during the meeting that the corporation can not re-sell land, obtained from the Housing Authority, at a profit.

Running expenses will come from an assessment paid by merchants, it was noted.

Junior Red Cross Sponsored Assembly

The Andover High School Junior Red Cross members sponsored an Assembly Feb. 12, at 1:15.

The guest speakers were Arthur Clinton, a member of the Speaker's Bureau of the American Red Cross, and Ruth Newman, the Red Cross Representative from the Veterans Administration Hospital at Bedford. Mr. Clinton's topic was "Youth and The Red Cross". Mrs. Newman discussed the Veterans Hospital at Bedford.

Working on the Committee for this assembly were Gayle Dufton, chairman; Catherine Connolly, Elaine Demers, Roberta Downing, Barbara Johnson, Marie Levesque, Therese Levesque, Mary Wade and Mary Woodes.

Dr. and Mrs. William O'Reilly and family are enjoying a trip to Florida.

Twigg Received Air Force Award

LT. JOHN K. TWIGG

First Lt. John K. Twigg, a forecaster at Wright Patterson Air Force Base in Ohio, has won Distinguished Achievement Honors, according to an announcement by Col. Robert F. Neeley, commander of the 15th Weather Squadron.

Lt. Twigg is the son of Mrs. Helen S. Twigg, 232 North Main st.

The award came as a result of an unusual assist Lt. Twigg was able to give the pilot of a B-52 and the ground approach forces at Dayton, Ohio.

The pilot could use only the radio frequency for weather forecasting, thus Lt. Twigg relayed all vital information to the pilot for his safe landing. It took some 20 minutes of tense instructions to get the giant plane on the ground.

The citation included Col. Neeley's comment that Lt. Twigg's action was a prime factor in the plane's safe landing and in saving the lives of its crew.

Cub Pack 100 Held Banquet

Cub Pack 100 held its first Blue and Gold Banquet Thursday, Feb. 14, at the Henry C. Sanborn School.

The Banquet Committee, consisting of Mrs. George Ainscow, Mrs. Leslie Bartow, and Mrs. Quinn arranged the meal, with casseroles, salads, and cakes being provided by parents of the scouts.

After the Banquet, the Cub Pack Charter was presented to C. H. MacBride, chairman of the Henry C. Sanborn P.T.A., by Jack Ingles, chairman of the Organization and Extension Committee of the North Essex Council Boy Scout headquarters. In turn, Mr. MacBride presented the Charter to George Ainscow, who is the institute representative on the Pack Committee. Following the presentation the Dens gave their reports of activities and Den 2 presented a skit. The attendance award was made to Den 4, which had 100 percent turnout of parents.

Awards were made to the following Cub Scouts:

Bobcat, Edward Deyermood; Wolf, Richard Williams, Daniel Quinn and James Holmes.

Bear, Clinton Shaw; Lion, John Danforth; Denner, William Broderick, Richard Quinn and James Holmes; Assistant Denner, Terry Bartow and Scott Read.

The Banquet closed with the Ceremony of the Living Circle.

TB Testing March 25

Students in grades one to nine, and 11, will participate in a tuberculin testing program Monday, March 25, in the public schools.

Parental consent is required for pupil participation in the program. Consent slips will be distributed during the week of Feb. 25 and should be returned properly signed as soon as possible.

Testing will be done by means of the Vollmer Patch. In this test, a strip of adhesive containing small squares of filter paper and saturated with a harmless protein substance is applied to the skin. In order to obtain a valid test the patch must be kept dry and undisturbed for two days.

In some cases there may be a slight reaction to the test. This does not mean that the student has active tuberculosis. It indicates that at some time the individual has come in contact with a sufficient number of tuberculosis germs to cause a reaction to the testing material and an X-ray should be taken to rule out any damage to the lungs.

Since only one student in 2,000 is found to have the disease, there is not expectation that a case of TB will be found. However, a program of this kind does find early cases in time to cure the disease.

Free X-rays of positive reactors will be taken by a technician at the Essex County Sanatorium.

This program is in conjunction with a country wide effort of tuberculosis control and is sponsored by the Board of Health, the School department and the Essex County Health Association.

Funds from the annual Christmas Seal Campaign help defray the cost of the program.

King Puts Board On Record

Planning Board Chairman Harold O. King has placed his Board on record as favoring Urban Renewal.

The plan has been approved as being desirable for the town from a planning standpoint, he told a hearing on proposed zoning changes, held Monday night at Central School.

Moreover, he warned that Andover's business center won't remain "as is". If Urban Renewal is defeated, but will change. "And this change has been retrograde", he stated, noting that conditions have not been improving in the center.

The main factor influencing the members' decision has been any potential harm that might be done to the town, according to the chairman.

And he still expressed some doubt as to the final outcome of the Andover Center Development Corp., which is now being formed by interested merchants and townspeople.

Mr. King explained that the financial problems associated with constructing town office and service buildings will be eased via Urban Renewal.

"If we pay for these ourselves, we'll pay a great deal more than we'll pay with Urban Renewal", he asserted, "and we'll not have some of the other desirable benefits of Urban Renewal".

In his opinion, the claims that the town should not accept federal aid are wrong. Mr. King told the meeting that the town "should not turn its back on" this money, as it is, in effect, money paid into the federal treasury by local taxpayers.

Awards Given To Pack 71

Cub Scout pack 71 of Shawshoan School will hold its Blue and Gold dinner Monday evening, Feb. 25, at the school.

Zoning Hearings Were Held

Zoning proposed within the Urban Renewal plan came in for attack Monday night, at the Planning Board's public hearing on the three articles.

In essence, the objections came from residents of Florence st., who believe that some lots in the proposed section are residential now, and thus do not need to be zoned from business to residential.

The articles, which will be withdrawn if Urban Renewal fails to pass, concern three sections on the outskirts of the renewal area.

The Florence st. area is listed as business, to be re-zoned to residential as a buffer.

Another article deals with a section along Bartlet and Chestnut sts., to be zoned from residential to business, so that it is compatible with the surrounding section.

A third article would zone a section along Park st. from business to multi-residence.

The only article not even discussed was the one dealing with the proposed new business zone.

Opposition to the zoning on Park st., from business to multi-residential, came from Mrs. Robert E. Lane, 68 Park st. She told the Planning Board that the Lane Funeral Home would become a non-conforming use thereby, and that even minor alterations in the building would be subject to Board of Appeal action. The property was purchased as a business location, she asserted, and should not now be changed, after an investment has been made.

Florence st. residents speaking against the zoning, as it relates to lots that recently were discussed before the Board of Appeals, included John Grecoe, Joseph Barton and Arthur Coleman.

They all stated that the lots are now residential, and should be taken out of any area that is referred to as a business zone.

Chairman Harold O. King, sympathizing with the residents, pointed out that the subject is "in litigation" and that the matter is thus hard to handle. He thought that some all-inclusive phrasing might be inserted in the article, thus covering the lots, if they are later determined to be business after all.

The section has been the source of considerable argument and debate recently, following disclosure that an office building is to be erected on the street. The residents appealed the building inspector's issuance of a permit to the Board of Appeals, and that Board is now studying the problem.

Daniel N. Morin, 72 Park st., joined in opposing the zoning changes as they affect his area. Vincent Mahoney of Methuen, owner of property at the corner of Park and Florence sts., also wishes to have the area remain as presently zoned.

In reference to Park st., it was also brought out that the street will be dead-ended at Florence st., so that it will not be used as a through-way from Main st. out of town. This according to planning experts, helps maintain the residential character of the section, by preventing trucks and all commercial vehicles from using the residential streets for business.

Mrs. Lane opposed this action too, commenting that this is a major link in town road system, and has been used by vehicles entering and leaving the business area for a long time.

Mr. King and Urban Renewal Director Ernest N. Hall stressed the importance of proper zoning, to create buffers against expansion of the business area.

Mr. King commented that "it would be disastrous" for Urban Renewal if that proposal is adopted by the voters, but then the zoning is defeated.

GUILD TO HOLD SUPPER TONIGHT

The United Church Guild will sponsor a covered dish supper at 6:30 this evening in the church vestry. They will be featuring dishes from other lands.

The hostesses will be Mrs. Peterson and Mrs. Davison. This affair will be opened to all women who are interested in the work of the United Church Guild.

Mr. and Mrs. William Paolera are spending some time in Florida, visiting Mrs. Paolera's sister in the Miami area.

James Named Area Chairman

JOHN A. JAMES

An Andover businessman has volunteered to assist Northeastern University in its \$40,000,000 Diamond Anniversary Development Fund, it was announced by Dr. Asa S. Knowles, University president.

John A. James, 32 Shipman rd., has become region chairman for Lawrence in the general solicitations phase of the Alumni Program.

More than 34,000 N.U. alumni will be contacted in the national program under which Northeastern will more than double its academic facilities and nearly triple the size of its faculty by 1973.

More than \$3,000,000 has already been raised in the Development Program toward the first-phase goal of \$4,500,000. In the Alumni Program, one of the major divisions of the nation-wide campaign, more than \$300,000 of the three-year goal of \$500,000 has been raised.

A 1943 graduate of Northeastern's College of Business Administration, James is a partner in James and Page of Lawrence.

He is a trustee of Lawrence Masonic Temple, a finance committee member of the Greater Lawrence Chapter of the American Red Cross, and a member of the Greater Lawrence Kiwanis Club.

James belongs to the Massachusetts Society of Certified Public Accountants, the National Association of Accountants, and the National Society of Public Accountants.

Parking Is Major Goal

Parking is the most important short-range goal of the Board of Trade, and Industrial Development is the most vital long-range goal.

By overwhelming numbers, merchants attending the Board of Trade meeting Feb. 12 indicated that a solution to the parking problem in the next year or two is paramount. Twenty-two members chose this item as the most vital project for the Board. Industrial development received 24 votes as the primary long-range project.

The second most important project chosen by the merchants for a long-range undertaking was face lifting, with 17 classifying this as their first choice.

The selections were made during a "brainstorming" session led by Elbert G. Moulton, executive vice president of the Greater Lawrence Chamber of Commerce and Charles R. Dunklee, manager of the Board of Trade.

The choices were made with the understanding that the subjects of Urban Renewal and taxes were not to be included, because the Board had already taken its position on the renewal plan.

The members agreed overwhelmingly that the Board should "continue the good job" it is doing, when asked how the Board might become a more effective organization.

7 Chosen For All-State Chorus

Seven members of the Andover high school A Cappella Choir, Robert Cole, Bruce Hinckley, Edward Parker, Frank Orlando, Anne Leacock, Judy Lelacheur and Peggy Whitefield, have won membership in the All-State Chorus, according to Mrs. Miriam McArdle, director of music education.

The All-State Chorus consists of a limited number of the very finest singers, who have been chosen from all the senior high schools of Massachusetts.

This chorus will present concerts at the Springfield Auditorium March 22 and 23, as a climax of the three-day Conference of the Massachusetts Music Educators in Springfield. A large group of parents and friends of the winners will travel to Springfield to attend either the Friday evening or Saturday afternoon concerts.

EDITORIAL THOUGHTS

The Leaders Are Last

Public statements on Urban Renewal have been received by the residents of the town from their town manager, their Planning Board, their Housing Authority, their Finance Committee, and from the Board of Trade. Other organizations have also made known their positions.

Nothing has come from the Selectmen.

Thus the leaders of the town are coming in last; and this, to us, is far from desirable.

For as leaders, we should expect the Board of Selectmen to lead, not follow.

Whether the Board is ultimately for or against Urban Renewal, we believe that the role of leadership that properly belongs to this elected body has been somehow lost in the endless search for more information.

We can't blame the Selectmen for wanting all the available data, but we do believe that this search has to come to an end, and decisions have to be made. Other boards and organizations have reached their conclusions.

It's far past time for the Selectmen to do so.

Young People Need The School

The Vocational School question, which will be answered by all the voters March 4, has become a head-on issue between the two candidates for School Committee.

But it is far more than a partisan controversy.

The issue at stake, we believe, is whether a high school student, whose interest lies in the direction of electronics, mechanics, and other specialties, is going to have the chance to learn these skills before he enters the labor market.

The four-year high school, as proposed, will give these students an opportunity to obtain a solid background in their field—thus enhancing their value to employers when they graduate.

There has been too little done, both in Andover and in the area, to encourage boys who want to learn these skills. Many have been allowed to drift through high school—obviously not being prepared for college, but also without benefit of a program that will train them for gainful employment.

The vocational school will fill a tremendous gap in our system; it is one that the town could never afford to fill on its own.

Thus the question assumes proportions much larger than those of a partisan political campaign; the question is whether we are content to continue our present system, or whether we want to provide the type of education needed and wanted by many of our youngsters.

We strongly urge all of the town's voters to support the school, thus taking a giant step forward in providing an excellent educational opportunity for our young people.

Most Despicable Crime

One of the most despicable of man's wrongdoings against his fellowman is leaving an accident victim lying in the road, without help.

Such was the case with 17-year-old Edward Ellis, 52 Morton St., who was left in the road the night of Feb. 2, badly injured and unable to help himself. Ellis is still hospitalized with injuries received when he was struck, probably from behind, as he walked along Shawsheen Rd.

The driver of the hit-run car must have known he hit someone—police believe the headlight, right front fender, and possibly the windshield, are damaged.

Flecks of maroon paint were discovered in Ellis' clothing—the state police lab says these are consistent with red paint used on the original 1954 Lincoln; known in the trade as "regal red". The glass apparently comes from a standard sealed beam headlight, and is not easily traceable.

We join the police department in appealing to any resident, who has information that might be in any way helpful, to come forward. Sgt. Robert V. Deyermund has been handling the investigation, and may be contacted, or information can be given to any member of the department.

Down the Years with The Townsman

75 Years Ago — February, 1888

Charles Shattuck lost three valuable cows Tuesday morning, the floor of his barn giving way and leaving the cows hanging up by their necks.

On account of the river being

so high, the work of the Bleaching Department of the Smith and Dove Manufacturing Co. had to be suspended.

Andover Almshouse is a very hospitable place and tramps know it. And taxpayers know it now too.

THE 50 MILE SPLASH

Listen to me, all of youse
Guys who'd like to make the news:
Fifty miles in hiking shoes
You must make; then a print
And a flourish. This here stint
Might land you in the gover'mint.

For between Feb. 9 and Feb. 21, 53 tramps had been taken care of. From present available information, the total number cared for in the past year is 1,400, and the largest number taken in, in any one night, is 20. Last year the total was 1,157 and already we are in excess of this number. The town is small, to be taking care of so many tramps.

The Band has been obliged to put off its concert, until March, probably, as several of the artists who have promised their help have engagements for the announced date.

The boiler that furnishes steam heat for the passenger station was completely submerged Tuesday morning, and there was little heat from it that day. The high water in many places created a large demand for pumps.

John Holt is home from Amherst for a few days.

Reginald Holt, son of Mr. and Mrs. John V. Holt of Elm st., is ill at home with measles.

Edmund Hammond spent the weekend visiting friends in New York.

Frank McBride of Essex st. has returned to work in the Smith and Dove Company, after a short illness.

Madeline Dearborn, the little daughter of Mr. and Mrs. Lauren F. Dearborn of Elm st., is recovering from a severe attack of typhoid pneumonia.

Miss Mabel Carter of Bartlet st. has been spending several days visiting friends in Springfield.

Miss Harriet A. Foss, English instructor at Pynchard School, is spending the week at her home in Haverhill.

25 Years Ago — February, 1938
The Board of Health has told

the Taxpayers Association that it stands ready and willing to move back into the town hall, whenever suitable quarters can be provided. The Board rents an office, and pays extra for heat, because the town house does not have room enough. The Selectmen are planning renovations this year.

Frederick Butler, chairman of the County Commissioners and moderator of the town meeting here, is a candidate for the Republican nomination for governor.

A hearing will be given Tuesday, in the State House, to a bill allowing the state Department of Public Works to regulate traffic on state highways. If approved by the Legislature, the Department could then require trucks to use the By-Pass, instead of Main st.

A total of 15 candidates have filed papers for the office of tax collector, and contests are assured in most other offices.

Some 300 persons attended the open house at the Historical Society on Washington's birthday.

10 Years Ago — February, 1953
Marine Corp. Donald W. Lee Jr. has been reported killed in action in Korea.

Trial Justice Richard K. Gordon, defending the position which has been alleged to be a "racket" by Rep. Collins, points out this week that the police department hasn't brought a single case to him since Chief Dane died. Prior to that time, he says the court averaged 14 a month.

The polio drive has topped last year, with \$6,768.67 raised to date.

Edward P. Pettoruto has notified the Selectmen that he will not return to the police department. He has been on leave of absence while filling the job of examiner for the Registry of Motor Vehicles.

Movies For Young People

The movie program for Andover boys and girls Thursday afternoon, Feb. 21, will begin promptly at 3:35 o'clock. Among the films to be shown are "Karachan, The Little Bear", "Michio, Schoolboy Of Japan" and "African Girl, Malobi." The first story is intended for children in the primary grades, but will be fun for viewers of all ages. It is a folk tale that compares with our own story of the "Three Bears", but is a Japanese film of the escapades of a fun-loving, disobedient baby bear. The other two films show children of other countries, how they live and act and go to school.

All young people are invited to attend. The program should be over by 4:20 o'clock.

Library Closed

Friday, Feb. 22, the library will be closed in all departments. Books may be left in the door slot, if necessary. Borrowers are reminded that all films must be returned to the desk, however, to insure their safety.

Great Books For Beginners

There's interesting news for all those who would like to join the Great Books Discussion Group, but have hesitated to do so, knowing that the program has been in effect for a number of years, and wondering just how much they have missed. This coming month the group is going to return to the first year's readings, and will begin again with most of the first set of books. If this interests you, please call the library at any time and ask about the program. Sets of readings will be ordered very soon for those who wish to own them. A number of copies may be available at the library, but many members have found that they wish to annotate the margins as they go along, and prefer to own their sets.

The March 5 meeting will discuss Nietzsche's "Genealogy Of Morals" and will return to the first year readings on March 19. Meetings are alternate Tuesdays at 7:30 o'clock.

Littlest Listeners

The Cardinal group of Littlest Listeners will meet at 10 o'clock in the Memorial Hall Library on Wednesday, Feb. 27 for their story hour. The following day, at the same hour, the Ballardvale Little people will have their story program in the branch library.

What Our Readers Say—

To the Editor of the Townsman:
"I would like to make some brief observations on our mounting municipal costs. My comments will not be on specific budgets but on what I believe to be some of the underlying causes.

"No one who realizes that our town costs have approximately doubled in the last seven years or so will question the rapidity of the rise. I would suggest that among the basic causes are the following:
"Cost of Living. A common explanation given for the continual increases in salaries and wages is the increase in the cost of living. This reason impresses most, the ones who understand it least, because our wages in recent years have far exceeded the increase in the cost of living.

"Town Growth. If a town budget goes up 10 percent or more in a year, a probable explanation is apt to be that the town is growing. But the real question is not so much town growth as the rate of growth. Is there any evidence to indicate that this town is growing so much as five percent per year?

"Follow the Leader. There seem to be two ways of establishing the value of town jobs. The proper way is to evaluate each job carefully and to put a realistic price tag on it. The easy way is to see what other towns are paying and whether they are right or wrong—follow the leader. This could be a case of the blind leading the blind. There must be a better way than this to arrive at equitable town salaries and wages.

"Parkinson's Disease. An Englishman named Parkinson evolved some laws to explain abnormal growths in public personnel. Government employees, especially department heads seeking status and affluence, feel that they too must grow in numbers and in expenditures in order to show "progress", regardless of the amount of work to be done.

"Without a host of Indians, a civic chief has little standing. But a civic empire builder stands tall—very tall among his colleagues.

"What has all this got to do with disease? Parkinsonitis is a highly contagious disease. A local antibiotic may be indicated before the taxpayer gets all shook up."

of the Memorial Hall Library, and will be on view for another week or two. They were arranged by their owners, Miss Mary Frances McCabe, and make a bright spot of color in the wall case. Many countries are represented, Israel, Belgium, Italy, France, Greece, Portugal, Japan, England and France, to name some of the parts of the world from which they have come. Of particular interest is the fact that many dolls are showing the kind of work or play that people of their lands may enjoy. There are dancers, fishermen, a lace maker, bakers, a newsboy, a soldier, a police officer and one of the king's guards, familiarly known as a "Beefeater."

All doll lovers will want to see the display.

Great Decision — 1963

Once again, the reading public is reminded of the annual discussion schedule of important and timely subjects, "Great Decisions...1963." Beginning in early February, many groups throughout the country have been forming in which to discuss subjects of general interest. There are special articles, features and programs in newspapers, radio and TV and suggested readings posted in many libraries. Each week follows a theme: for Feb. 3, the subject was "The Common Market." The library had arranged a special display of materials on this subject, of interest to all readers. "Red China And The U.S.S.R." How firm an alliance? was the Feb. 10th theme. The week of the Feb. 17th has "Algeria—What Future?" for its study. In coming weeks there will be "Spain", "India", "Laos and Vietnam", "Alliance For Progress" and "Peace—What problems and Prospects?", the final one March 24.

Ask at the library for readings that will give you background in any of these areas.

DOYLE NAMED BY JAYCEES

(Continued from Page One)

Jaycees President Donald K. Ellsworth made the presentation. Doyle, at 32, is retiring this year as chairman of the Board of Selectmen. He is associated with his father in the Doyle Lumber Co., is a general contractor, appraiser and insurance adjuster. The Jaycees award is based on the individual's business progress, service to the community and leadership qualities.

Mr. Doyle sought office in 1960 and was elected to the Board of Selectmen in his first attempt at public office. He was named chairman of the Board in January of 1962, succeeding Eugene A. Bernard Jr.

He is a graduate of Colgate University, holding an A.B. degree. For two years after his graduation in 1953, Doyle served in the Army. He attended the National Retail Lumber Dealers' Training Institute at the University of Massachusetts.

The featured speaker at the meeting was Jaycees State President Ed Sheville of Fall River. Judges in the contest were School Supt. Edward I. Erickson, School Committeeman Dr. Milton J. Meyers, Town Manager Thomas E. Duff, Robert Jeffreys, vice president of the Merrimack Valley National Bank and David E. Young, editor of the Townsman.

Harry P. Dustin of West Rumney, N. H., was a recent guest of Mr. and Mrs. Donald Dustin of Woburn st.

\$1.10 Rate Hike For Urban Renewal

An approximate tax rate increase of \$1.10 has been predicted, if Urban Renewal and new municipal structures are approved at town meeting.

A meeting called by the proposed Realty Trust — now the Andover Center Development Corp. — was held last Thursday night that increased income from new buildings within the area may further reduce this cost.

The estimate is based on an annual cost, over 20 years, of \$96,490 for both the Renewal outlay and the municipal buildings.

The cost of Urban Renewal is pegged at \$359,300. To this amount, is added another \$54,750. This represents anticipated additional cost, if the land within the area is not re-sold by the Housing Authority at the price it now has set.

Added, also, is the \$1,350,000 cost of the town facilities.

Land Prices Differ

The corporation proposes to offer \$583,289 for some 460,495 feet of land in the Urban Renewal area. This is \$438,000 less than the Housing Authority's single appraisal establishes the value of the properties.

But according to Wallace M. Haselton, who addressed the meeting, the government pays three-quarters of this amount; the state then pays one-eighth of the remaining balance. Thus the town, itself, only pays \$54,750 of this added cost.

ATTENDED CONFERENCE AT HARVARD

Albert A. Henriquez, 371 North Main st., attended the Business Conference and Training Course for executives, sponsored by the Smaller Business Association of New England Inc., at the Harvard Graduate School of Business Administration, Feb. 5-8.

AN INVITATION FROM TRICORN**TO THE PEOPLE OF ANDOVER:**

Many of our friends have asked about our name TRICORN so we felt that this would be an excellent time to give everyone an explanation. A tricorn is a three-cornered hat worn in the early days of our country's founding. Most of you associate this hat with the minutemen. Our Real Estate and Insurance business is called TRICORN which represents two of the services. The third service, which is part of our hat, is Andover Investment Services dealing in stocks and mutual funds.

It is our belief that we can best serve the interests of our clients when we are able to analyze the savings-insurance-investment dollar without prejudice. We strive to maintain this approach at all times. Today with so many of life's wonderful things available on the installment plan, it behooves us to plan for the future more carefully than ever before.

Our forefathers wore this hat and made this country what it is today. We hope you will try our hat for size!

We cordially invite you to our Open House on George Washington's Birthday - this Friday, the 22nd.

Very truly yours,

Lutheran Pastors To Exchange Pulpits

Faith Lutheran Church of Andover will be one of seven Lutheran churches in the area participating in a pulpit-exchange program during Lent.

Each of the seven pastors will conduct services in his own church on Ash Wednesday and then conduct services in different churches the following five weeks on Wednesday evenings.

Scheduled for 8 p.m., local services will be held at Pike School and conducted by the following:

March 6, The Rev. John Kidder of the Lutheran Church of the Redeemer, Woburn; March 13, The Rev. C. Wesley Hayes of Trinitarian Cross Lutheran Church, Salem, N. H.; March 20, The Rev. Toivo Rosenberg of St. John's Lutheran Church, Peabody; March 27, The Rev. Richard L. Thulin of Trinity Lutheran Church, Lowell; and, April 3, The Rev. Kristaps Valters Jr., of Redeemer Lutheran Church, Lawrence.

During this time, the local Lutheran pastor, the Rev. Hartland H. Gifford, will conduct services in Beverly, Lawrence, Lowell, Peabody and Salem, N. H. The pastor in the Beverly church is the Rev. William Krenz, who will also participate in the exchange program. The seven ministers have agreed upon a general theme for the services: "Keywords for Lent". Each pastor will speak on one of the following: Atonement, Grace, Commitment, Suffering, Freedom, Repentance, and Obedience.

Red Cross Chapter Met Last Week

The Board of Directors of Andover Chapter, American Red Cross, met at the Chapter House Feb. 13.

Edward F. Murphy, Chapter chairman presided. A special progress report on Chapter maintenance was given by Miss Mary Sherman, vice chairman. Mr. Murphy reported briefly on a special meeting on unification held recently with Chapter chairmen of the Greater Lowell Chapter and the Greater Lawrence Chapter. It

was agreed that the By-law Committee will meet in the near future to review and revise the by-laws.

Those present at the meeting were Mrs. Dixon P. Penick, secretary; Miss Esther Dimlich, treasurer; Miss Mary Angus, Mrs. Leon Field, Mrs. Frank Crawford, Mrs. J. J. Tavern, H. Schuyler Royce Jr., the Rev. Frederick B. Noss, Stanley Leadbitter, Dr. Robert Ramsdell and Miss Irene Libbey, executive director.

Clarifies Position

The president of the Andover Historical Society has issued a statement, clarifying the position of the Board of Directors on the preservation of the town hall.

President Frederick S. Allis Jr. states:

"Since there seems to be some misunderstanding about the statement of the Andover Historical Society on Urban Renewal, and especially over the use of the phrase 'We in the Andover Historical Society', I think the following clarification may be useful."

"The statement was presented and agreed to at a meeting of the Board held Feb. 11 at which a majority of the Directors were present. Since those present could not speak for the absent members, it was agreed that the statement should be issued as representing the views of 'a majority of the Board of the Andover Historical Society', a phrase that for some reason never got printed. The statement should, therefore, be taken to represent the views of the majority of the Board present at the Feb. 11 meeting. The Board cannot speak for the more than 500 members of the Society, since we have not polled them on the question."

KNITTING CLUB

The Ballard Vale Knitting Club met Feb. 12 at the home of Mrs. Donald Dustin of Woburn st.

Refreshments were served by the hostess.

DAR To Meet
At Mrs. Knipe's

The February meeting of Priscilla Abbot Chapter, D.A.R., had to be cancelled on account of the weather, but the March meeting will be held at the home of Mrs. Wilson Knipe Jr., 1 Stratford rd., in place of the home of Mrs. John Birdsall, scheduled in the year's program.

The committee which has charge of the plaque, to be presented at the April meeting, has received the proof or "rubbing" of the plaque and has approved it, and sent it back to the manufacturer to be made up in bronze. It will be placed on the Nicholas Holt house on Holt Hill, the present home of the John Ward Kimballs. Mr. Kimball is a member of the Holt family in the 12th generation which has owned the house. It was built about 1715 on the highest land in Essex County, and an assemblage of townfolk during the Revolution watched the burning of Charlestown from this hill. Although the tree growth has shut off some of the scenery, there are still vistas where one can see points in Boston to the south and mountains to the north.

The plaque will be presented to Mr. Kimball who will speak of the history of the house. Members of the town government, and patriotic organizations will be invited to attend.

The hostesses for this meeting include Mrs. Leo V. O'Connor, Mrs. Guy B. Howe, both former regents of the Chapter, Mrs. Harold Leitch, Mrs. Jesse Bottomley, Mrs. George Glennie and Mrs. Arthur Bonner.

Bowling Was
Party Treat

A very delightful birthday party was held Tuesday, Feb. 19, at the home of Mr. and Mrs. Chester Spencer on Brown st., in honor of the 8th birthday of their daughter, Margaret.

The children gathered for luncheon and then they enjoyed an afternoon of bowling. Those who enjoyed the party were Diane Lindsay, Deborah Towne, Meredith Shaw, Karen Kitson and Mary Ann MacDonald.

Coppola Took Part
In Debate Tourney

Philip Coppola, 339 South Main st., took part in a debate tournament Feb. 12, at the Florham-Madison campus of Fairleigh Dickinson University, where Mr. Coppola is a freshman in the School of Business.

The debate was one of seven events sponsored by the New Jersey Inter-collegiate Speech Association, of which the Fairleigh Dickinson University Debating Society is a member.

Topic for the Debate was: "Resolved that: The United States should adopt a more aggressive foreign policy." The winning team from Rutgers, New Brunswick, was awarded a trophy by their Fairleigh Dickinson University hosts.

Taxpayers Group

Meeting On Budgets

The Taxpayers Association is meeting often, to hear about town budgets and the warrant.

Donald Bassett, superintendent of the water and sewer departments, appeared Tuesday night before the group, and Town manager Thomas E. Duff is scheduled to meet with them Feb. 26. The directors met last evening, and will gather again tonight.

All meetings are held in the meeting rooms of the Library.

SIGHTSAVING LIST - The New England Council of Optometrists has prepared a reading list for persons with poor eyesight, and is making copies available to local libraries. Andover received the first of the publications. Here, Dr. William V. Emmons of Andover, editor of the New England Journal of Optometry and treasurer of the Council, discusses the reading list with Miss Miriam Putnam, librarian. Many of the books on the list are available at the local library. (Staff Photo)

Predicts Increase In Tax Income

The proposed Andover Center Development Corp. predicts increased tax revenue from a rebuilt commercial area of \$45,541.27, or a total income from the Urban Renewal area of \$81,691.27. The present revenue from the area is \$36,150.

The organization, at a meeting last Thursday night at the Country Club, broke down its figures to arrive at the expected gain in tax revenue from the project.

It was also noted that if a more conservative approach is made to the issue - and 20 percent less revenue is realized - the town will still receive about \$28,000 more each year than it does now.

The figures showed that this income totals \$560,000 over a 20-year period, and this, states the organization, more than pays the cost of the Urban Renewal bonding. In fact, the brochure distributed to those attending, points out that about \$200,000 would be available to help pay for building the town hall and other municipal buildings.

Meet Today On Warrant

The Selectmen will meet late this afternoon to act on technical changes in the wording of articles in the warrant concerning Urban Renewal and the sewer installation project.

In both cases, bond counsel has suggested that he will not approve the sale of bonds for these projects, unless the changes are made.

The Selectmen may either re-open the warrant long enough to insert the corrected articles, or call a special town meeting within the regular meeting, containing the revised wording.

Urban Renewal authorities explained at the Selectmen's meeting

Monday that bond counsel wants two dates changed in the existing articles. It also is anticipated that another article - accepting the state statute on Urban Renewal - will be included. Director Ernest N. Hall explained that the changes were initiated by bond counsel,

"Keep New Clothes Looking New"

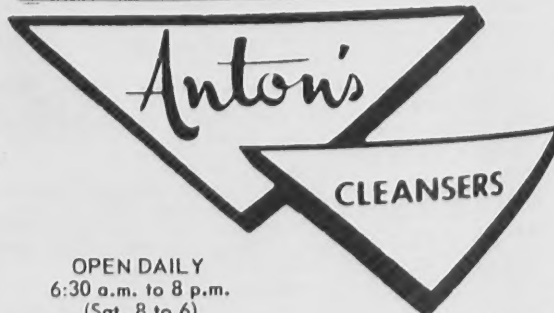

"So, of course, you want to keep new clothes looking new. Well, here's a tip one of the biggest clothing manufacturers gave me—and I tell my listeners on my CBS Radio program—insist on Sanitone Drycleaning. Sanitone Drycleaning gives you extras, like spots removed scientifically; minor repairs made; professional-rated press—fit, shape restored—and special finishes make the fabric feel new. So, for more than just drycleaning, insist on Sanitone!"
